Glow In The Dark Party Checklist

Just Print this checklist out, and tick off the items you want or have for your Glow In The dark party

Or you can download this PDF of this [Glow In The Dark Party Ckecklist Here](#) and then Print it out.

UV Black Lights - These lights are one of the most important items you need for the party. If the Party is held in a large area, you can either hire or purchase a large UV Black Light. We highly recommend 400 Watt UV cannons. If your party is in a smaller area, you may be able to uses UV Black light fluorescent tubes, or UV Fluorescent Party lights. You can purchase these at Woolworths super markets, and Bunning Warehouse hardware stores. At under \$20 a piece they are good value.

UV Glow Face and Body Paint - As a rough approximate you'll need 1.5 litres of this paint per 100 guests. [click here for more details or to order](#)
